RE: 30 Day Reading - Rule Revision LM.9.20 No Wake Enhancing Devices Allowed

Background

This topic was discussed during the May Rules Committee meeting and a recommendation made was to clarify that the wake enhancing device restriction only applied to the Main Lake and Jump Lagoon.

At the July Open Session Meeting, the 30 day reading of the proposed rule was revised to include the Slalom Course as an additional restricted area. Since July, management has been made aware that there is a petition with 250+ member signatures (unverified) circulating to request that the proposed rule be changed back to the originally proposed version.

Fiscal Impact

None

Recommendation

It is recommended that the Board of Directors approve, amend, or not approve the revisions to rule LM.9.20 as attached.

Cory Gorham, Sr. Member Services Manager

Current Rule

LM.9.20 No Wake Enhancing Devices Allowed

No wake enhancing devices of any type will be allowed to be used on any boat operating on waters within the CLPOA jurisdiction. This includes any device installed by the boat manufacturer or owners. Any boat that appears to be producing an excessive wake will be investigated. Those boats using wake enhancement devices may be cited.

Proposed Change (Redline)

LM.9.20 No Wake Enhancing Devices Allowed on Main Lake or Jump Lagoon

No wake enhancing devices of any type (including those installed by a manufacturer or owner) will be allowed to be used on any boat operating on ~~waters within the CLPOA jurisdiction~~ Main Lake or Jump Lagoon. This restriction does not apply to the North Ski Area. ~~This includes any device installed by the boat manufacturer or owners.~~ Any boat that appears to be producing an excessive wake will be investigated.
