

3-19-2020

Due to the **COVID-19 Pandemic**, and pursuant to the **State of California Stay at Home Orders** issued this evening, **the Canyon Lake Property Owners Association will be closing its offices and Golf Course to the public, effective immediately.**

The Stay at Home Order is summarized here:

*“To protect public health, I as State Public Health Officer and Director of the California Department of Public Health **order all individuals living in the State of California to stay home or at their place of residence** except as needed to maintain continuity of operations of the federal critical infrastructure sectors, as outlined at <https://www.cisa.gov/critical-infrastructure-sectors>.*

This Order is being issued to protect the public health of Californians. The California Department of Public Health looks to establish consistency across the state in order to ensure that we mitigate the impact of COVID-19. Our goal is simple, we want to bend the curve, and disrupt the spread of the virus.

*The supply chain must continue, and Californians must have access to such necessities as food, prescriptions, and health care. **When people need to leave their homes or places of residence, whether to obtain or perform the functions above, or to otherwise facilitate authorized necessary activities, they should at all times practice social distancing.”***

The Governor's full executive order may be read here: <https://covid19.ca.gov/img/N-33-20.pdf>

We have been in contact with all of our department Managers, who will be coordinating with essential staff. The CLPOA's basic mission to maintain and or repair essential functions of our community will continue. Many of our members services counter functions are available online, and we already working to add more.

We have also been in contact with Allied Universal Security this evening, and at this time, we mutually consider their services to be essential in our community, so community patrol and the gate attendants will continue working.

This page will be updated regularly as we navigate through this situation :
